NeoGenomics Appoints Carolyn Starrett to its Board of Directors

FORT MYERS, Fla.--(BUSINESS WIRE)-- [NeoGenomics, Inc. \(NASDAQ: NEO\)](#), a leading provider of oncology diagnostic solutions that enable precision medicine, today announced the appointment of Carolyn Starrett to its Board of Directors.

Ms. Starrett brings over 25 years of commercial, product, and operations experience at data and technology companies, and a deep understanding of AI and data insights in cancer care and research. She spent the last ten years, from 2016 to 2026, at Flatiron Health, serving in a variety of executive roles and ultimately leading the company as CEO and Board Director from April 2021 to September 2025. She is currently the President of Starrett Advisory, an independent consulting and strategic advisory firm, working with clients on strategic topics at the intersection of healthcare delivery, drug development, data, and AI.

“We are very excited to welcome Carolyn to the NeoGenomics board,” said Lynn Tetrault, Chair of the Board of NeoGenomics. “Carolyn’s experience using real-world data and analytics to help accelerate improvements in cancer care and treatment will serve us well as we continue to expand our portfolio and impact for cancer patients. I look forward to her insights and guidance.”

Ms. Starrett served as a Board Director at Foundation Medicine from 2021 to 2024. Prior to joining Flatiron, Ms. Starrett held several leadership roles at a predictive analytics company and led strategy and transformation efforts for healthcare and technology companies as a principal with Boston Consulting Group. She holds an MBA from the Kellogg School of Management at Northwestern University and a bachelor's degree from Brown University.

“I am honored to join NeoGenomics’ board at an exciting time in the company’s evolution,” said Ms. Starrett. “Neo’s growing portfolio of oncology diagnostics – paired with the new possibilities and insights enabled by AI – creates a real opportunity to improve cancer care for patients, and I look forward to contributing to this next phase of innovation.”
